

GOLF GENIUS APP — INSTRUCTIONS FOR LIVE SCORING

One player will use the Golf Genius app to enter scores for the players in their group after each hole.

DOWNLOAD THE MOBILE APP:

Search the App Store for the free app by entering "Golf Genius." The app is available for the iPhone/iPad (Apple OS 11.0 or later) and Android phone/tablet (Android 4.4 or later). **Download the app that has this orange background:**

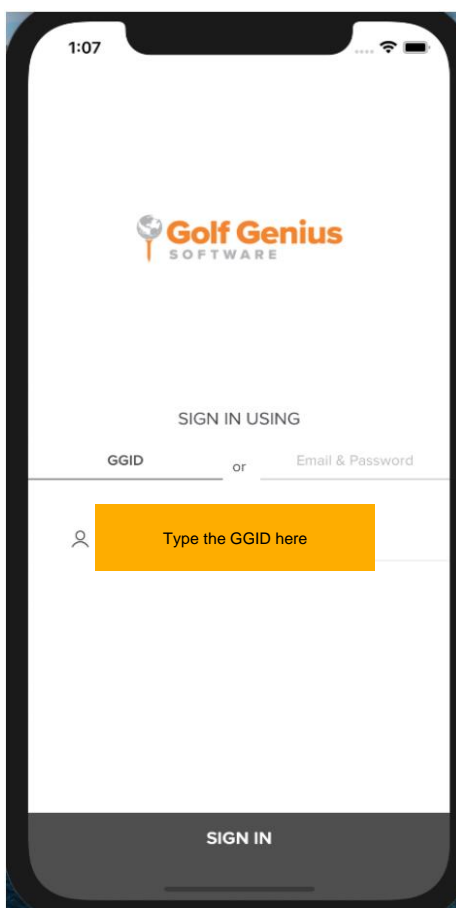

SIGN IN WITH A GGID (GOLF GENIUS ID):

When first opening the mobile app, you are presented with a screen to enter the GGID as shown in the picture to the right.

- **Markers:** Use the Pairing Group Unique GGID. Each pairing group is assigned a unique GGID that will be printed on your scorecard. When entering this GGID, markers will only be able to enter scores for their pairing group.

MARKERS ENTER SCORES ON THE APP:

1. Click in the GGID field and enter your group's assigned GGID (do not enter your email).
2. Click "Sign In."

3. Click one of the player's names. Your pairing group will be listed.
4. Enter scores for each player.
5. Click "Save Scores." At this point the scores are posted to the live leaderboard. If an incorrect score was saved, you can go back to that hole, adjust the score and save again.
6. The scorecard and live leaderboards can be viewed.
7. You will also keep a handwritten hard-copy scorecard for your group.
